

KASTHURI K

Full Stack Developer

Chennai, Tamil Nadu, India • kasthurimsc97@gmail.com • linkedin.com/in/kasthurik-44819b201

PROFESSIONAL SUMMARY

Results-driven Full Stack Developer with **3+ years of experience** building scalable, responsive web applications. Proficient in **Angular, JavaScript, HTML5, CSS3, Python, Django, MySQL**, and **Bootstrap**. Specializing in Angular, building secure, scalable, and user-friendly web applications with REST API integration and authentication systems. **Returning professional** post-maternity break (2023–2025) with refreshed skills through a comprehensive Full Stack reskilling program. Seeking a collaborative team to contribute, grow, and deliver high-quality digital products.

TECHNICAL SKILLS

Frontend: Angular 20+, HTML5, CSS3, JavaScript (ES6+), Bootstrap, jQuery, Responsive Design

Backend: Python, Django, RESTful APIs

Database: MySQL, Database Integration, Query Optimization

Tools: Git, VS Code, Postman, Agile / Scrum

Concepts: MVC Architecture, Component-Based Design, UI/UX Best Practices, Cross-Browser Compatibility

PROFESSIONAL EXPERIENCE

Full Stack Developer (Reskilling) — [Ek Software Solutions Pvt. Ltd.](#)

Jun 2025 – Jan 2026 • Chennai

- Completed an intensive Full Stack program covering Angular, Python, Django, MySQL, and modern JavaScript
- Built end-to-end web applications integrating Angular front-end with Django REST APIs and MySQL back-end
- Developed responsive UI components using HTML5, CSS3, and Bootstrap for mobile-first, cross-browser experiences
- Strengthened knowledge of MVC architecture, RESTful API design patterns, and database normalization

Angular Developer — [STAR Systems India Pvt. Ltd.](#)

Dec 2022 – Oct 2023 • Chennai

- Developed and maintained enterprise-grade **Angular 13** applications, building reusable component libraries and services
- Integrated RESTful APIs using Angular HttpClient, managing async data flows with **RxJS Observables**
- Supported Python-based backend services, resolving integration issues between front-end and server-side modules
- Participated in Agile sprints — code reviews, sprint planning, and daily stand-ups in a cross-functional team

Associate Software Engineer — [Hakuna Matata Solutions Pvt. Ltd.](#)

Feb 2022 – Oct 2022 • Chennai

- Engineered web application features using Angular 13, translating UI/UX designs into responsive, functional interfaces
- Developed reusable Angular components and services, improving code modularity and reducing development time
- Performed bug fixes, unit testing, and performance optimization to maintain application stability and speed

Project Engineer — [Biovus Blockchain Technologies Pvt. Ltd.](#)

Jan 2021 – Jan 2022 • Salem

- Designed and developed job portal web applications using **PHP**, HTML, CSS, and JavaScript
- Built and maintained **MySQL** database schemas; wrote optimized queries for data retrieval and reporting
- Created responsive layouts and interactive UI features aligned with client design specifications

EDUCATION

Master of Science (M.Sc.)
Periyar University, Salem, Tamil Nadu

Jul 2019 – May 2021
